EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Julie M. Lake on 9/22/06.

The application has been amended as follows:

Claims 18-20 have been canceled.

Applicants reserve the right to file divisional applications directed to the canceled subject matter.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicants' argument, filed 8/22/06, with respect to the Cristau et al. reference not being available as prior art, was found convincing to overcome the rejection issued in the Office Action dated 6/28/06. Additionally, the prior art of record does not teach or suggest preparing an aryl iodide compound comprising reacting an aryl halide compound with a metal iodide, in the presence of a metal catalyst and ligand to afford the aryl iodide product in a yield and purity as presently recited. All claims (1-17) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
